HOW DOES THE EDU SWARM AFFILIATE PROGRAM WORK?

Our Pay Plan was created to provide its Affiliates with the opportunity to generate a life changing recurring income stream from 5 separate Pay Stages.

Ongoing Cycling earning payouts range from **.02 BTC on Stage #1**, all the way to **.4 BTC on Stage #5**, and can be earned on all **5 separate Pay Stages** simultaneously.

There are **3 Steps** to completing a Pay Cycle and each Pay Cycle works the same way for all **5 Pay Stages**.

Bronze Package .01 BTC (Stage: 1)

Cycle Earnings: .005/.02 BTC

Silver Package .03 BTC (Stages: 1,2)

Cycle Earnings: .01/.04 BTC

Cycle Earnings: .02/.1 BTC

Cycle Earnings: .04/.2 BTC

Cycle Earnings: .4 BTC

THE BASICS

Each new **BOARD** starts with **3 positions** filled.

STEP #1

An Affiliate is placed into an open position on their Enroller's Board. All boards fill from **left to right** and a combined team effort helps to fill the **open 4 positions** on each board.

Once all open positions are filled, a new board is created and you move to **Step #2**.

Step #1

Step #2

STEP #2

In the same way that you were placed onto your Enroller's board in **Step #1**, other Member/Affiliates, either directly enrolled by you or enrolled by other Affiliates, will be placed to fill empty positions on your Board. Once all empty positions are filled you move onto **Step #3**.

Step #1

Step #2

Step #3

STEP #3

In the same way that you completed **Step #2**, once the empty positions are filled on this Board, you will Earn your Pay Cycle earnings for that **Pay Stage**, and these earnings will be credited directly into your account.

Step #1

Step #2

Step #3

When you have completed a Pay Cycle, **Two** things occur simultaneously:

- **First**, our program re-enters you onto a new Board automatically within the same Pay Stage you have just completed, always following your Enroller and you begin the Steps to completing a **Pay Cycle** over again.

Second, our software **Upgrades** its Affiliates to the **next higher** Pay Stage (If you are not already on one based on your original product purchase) always following your Enroller. **Take note:** Affiliates are able to have positions on all five Pay Stages at once. So, if you **already have** a position on that particular Pay Stage, rather than being upgraded, you will earn the full Pay Cycle pay out for that particular Stage. If not, you will earn a partial sales pay out, just this one time. Then earn a full pay out every time thereafter.

Example (see Below): **Pay Stage #4** on your first pay cycle, you earn **.04 BTC**, but are also given a position on **Stage #5**. You will receive your full **.2 BTC** pay out on all **Stage #4** completed cycles going forward.

Pay Stage 4 - \$2,000.00 Cycle Commission Payout

Pay Stage 5 - \$4,000 Cycle Commission Payout

Note: Once an Affiliate has a Board Position on **Pay Stage 5**, they will earn their full **.4 BTC** sales pay out, as there are no further stages to advance to.

Breaking Down a Pay Cycle

Once you start a Pay Cycle, it takes as few as **8 open board positions** to be filled in a team effort before you earn your sales pay out or a **maximum of 11**, depending on what position you occupy each time when you begin a Pay Cycle.

Look at the illustration below and refer to the bottom 4 positions in **Step #1**.

When you become an Affiliate it's possible that you could have a Board position in either the first open position (**4**), or be placed on the last open position (**7**), or anywhere in-between (**5-6**).

- **Position 4:** You and your team would have to fill 11 positions (3 positions in step 1, 4 Positions in step 2 and 4 in step 3).
- **Position 5:** You and your team would need to fill 10 positions total.
- **Position 6:** It would take 9 total positions to fill.
- **Position 7:** This would fill the last open position you would move to Step 2 immediately. Leaving a total of only 8 positions to fill.

As an Example, it takes an average of only 10 team sales to complete a pay cycle.

EMPTY POSITIONS ON A BOARD ARE FILLED:

- When you or anyone on your board sells a new Paid Membership.
- When you or anyone on your board personally enrolled affiliates complete their Pay Cycle and are re-entered onto your board... because they are following their enroller
- When you or anyone on your board personally enrolled affiliates advance to the higher Pay Stages, they will always follow their enroller all three ways accelerate the rate at which empty positions are being filled that's why mathematically, if everyone just does their **2 product sales** as low as **.01 BTC** this system would continue to fill over and over

AFFILIATE QUALIFICATIONS

1. **Sell 2 Membership Packages of any Value:** To earn sales commissions Affiliates are required sell any 2 Membership packages. If you are unable to meet this qualification, you will be in breach of our Independent Affiliate Terms and subject to earn sales commissions forfeiture.
2. **Additional Sales Qualification – Sell 1 Membership Package of any Value every 120 Days:** To continue to earn sales commissions, Affiliates are required sell any 1 Membership package every 120 days to remain qualified.
